

top-down BABY BEANIE

GAUGE (appr)

24 st = 10 cm

NEEDLES

3.25 mm (rand) and 3.5 mm

1. CO 3 sts on 3.25 mm dpn's. Make 5 cm / 2 in i-cord, using the dpn-method (video, using 4 sts here)
2. k2, m1, k1 » 4 sts
3. k4
4. kfb x4 » 8 sts
5. p 1 round, change to 3.5mm needles
6. kfb x8 » 16 sts & repeat round 5
7. kfb, k2, kfb x4 & repeat round 5
8. kfb, k4, kfb x4 & repeat round 5
9. kfb, k6, kfb x4 & repeat round 5
10. kfb, k8, kfb x4 & repeat round 5

Increase in method as set until you have the desired amount of sts (usually, a newborn'd head circumference measures about 30 - 34 cm's).

Then, on even-numbered rounds: knit all sts; on odd-numbered rounds: purl all sts.

Continue without increasing until desired length.

Finally, knit 8 rounds. Bind off. Weave in ends. Tie a knot in the i-cord, as close as possible to the hat.

(The final knitted rounds will add a nice curled edge.)
